You'll notice the immaculately designed rooms featuring design cues and furniture from the 1950's.

Some of the high-tech features of the room include the Keypr tablets which guests can use to order and track room services, find out useful information about LA and the hotel, track weather, read news, and much more.

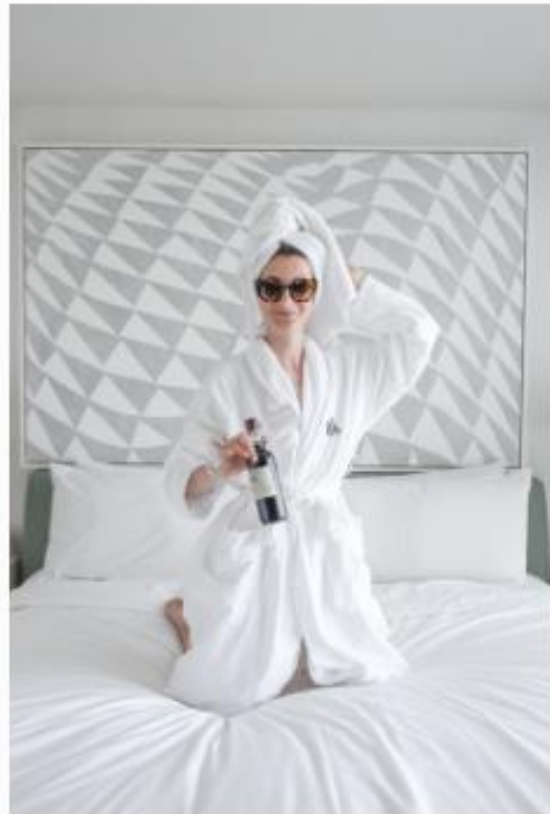

A Jawbone bluetooth speaker is included with each room as well, so you can enjoy your tunes from anywhere in the room.

A nicely appointed bar with favorites such as Compartes Chocolate, Grey Goose, and Uncle Pops Olive Oil Sea Salt Popcorn.

Enjoy the ravishingly comfortable queen sized bed with premium European linen.

We were so thrilled with the room that we did a little dance to the tunes from the Jambox!

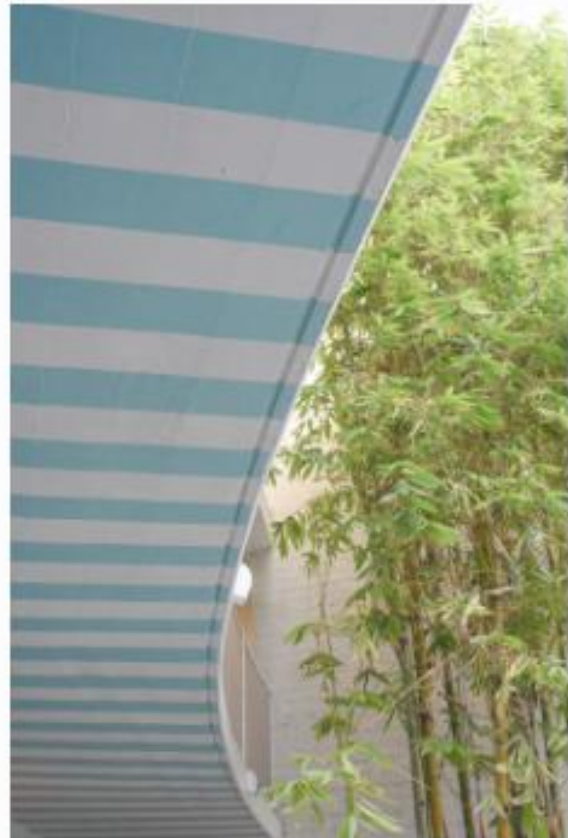

When she least expects it!! Pillow fight!!

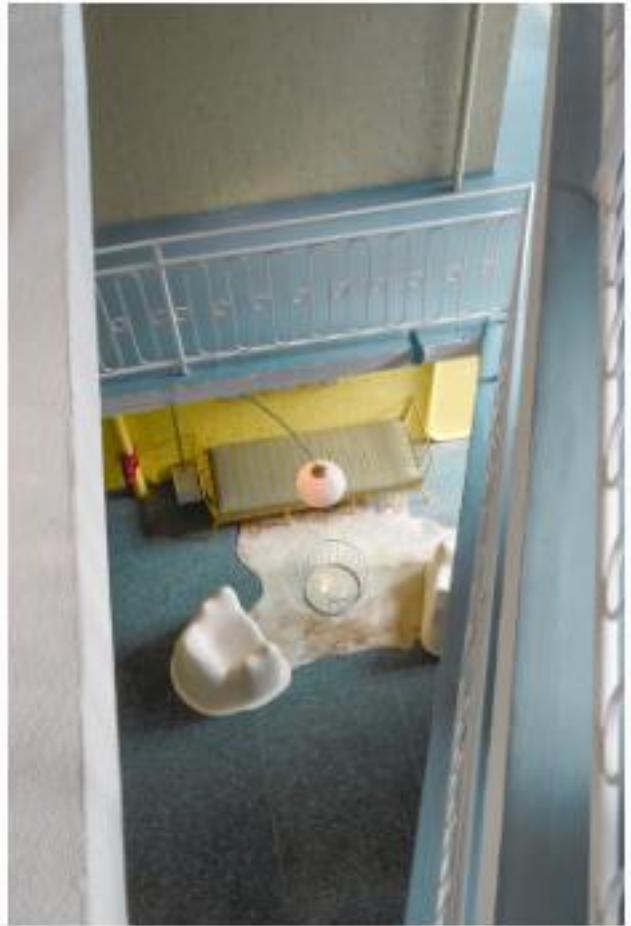

No detail is left unturned, including the beautifully tiled showers.
